

7-point Dental Care Checklist

Mon Dec 7 0:19:00 UTC 2015

**Our 7 point
“CHECK-UP CHECK LIST”**

With the end of the year fast approaching, and the festive season soon upon us, now is a great time to come by the practice and see us so we can achieve the 7 point ‘check up check list’ for you!

At Bright Star Dental we recommend regular dental check ups every 6 to 12 months. This is vital for your overall oral health, allowing our dentists and dental hygienists to detect any potential complications in their early stages.

- 1 To detect dental problems early and avoid costly treatment
- 2 To prevent gum disease and help maintain overall health
- 3 To ensure you keep your teeth
- 4 To brighten your smile
- 5 To ensure your jaw is in the correct position and alignment
- 6 To help prevent oral cancer
- 7 To help with your confidence

Ring us **TODAY** on 9555 7441 to book an appointment for a comprehensive check up with one of our friendly team.
